- + Ideal for short bike rides
- + Roll closure serves as carrying handle
- + Shoulder strap
- + Mounting option for tail light (tail light not included)
- + inner pocket with carabiner
- + 3M Scotchlite reflector
- + With ORTLIEB Top-Lock adapter system, universal fastening system for bicycle racks
- + Quick to install and easy to remove
- + Bag can be removed completely and without residue
- + Compatible with almost all racks from 80 to 160 mm width
- + Suitable for rack diameter of 8-16 mm
- + Two convenient release handles left and right
- + Anti-slip device prevents movement on the luggage carrier
- + Audible „click“ sound when the hooks engage
- + Compatible with spring flap on bike carrier and E-Bike luggage racks (battery)
- + Hooks also work as parking feet

Contents: Trunk-Bag RC Urban with universal Top-Lock adapter system

Attention: Maximum load 10 kg/22 lbs.!

Note: A second rack level allows QL2.1/QL3.1 bags to be attached at the same time

Note: In order to meet standard IP64 (6=dustproof, 4=protected against splash water coming from all directions) the roll closure must be rolled at least 3-4 times. Once submerged, the bag is not waterproof.

PRODUCT INFO

TOP-LOCK

Universal adapter system for mounting bags and baskets on bicycle racks

Top-Lock adapter must only be used on carriers with rectangular base, e.g. left and right rails must be parallel to each other
