Contents: Pannier comes with shoulder strap, reduction inserts 8, 10 and 12 mm (1 pair per size)

Optional accessories: Packing Cubes/ Commuter-Insert for Panniers, Carrying System Bike Pannier, Anti-Theft-Device (E125), Outer Pocket 1,8 L, Mesh-Pocket, Bottle Cage, QL2.1 hook 18mm (No. E211) & 20 mm (No. E193)

Attention: Maximum load per pannier is 9kg / 20 lbs. We recommend weighing each loaded pannier to confirm that the maximum allowance of the pannier fixation is not exceeded. This practice is advised for both rear and front panniers. **CAUTION:** The maximum weight capacity of every carrier model is different. Please observe the maximum weight allowance of the carrier fitted to your bicycle. Note: Sometimes the maximum capacity of the panniers fixing system can exceed the maximum capacity of the carrier. **DO NOT** exceed the maximum capacity of the carrier! Note, that the use of panniers will significantly influence the handling properties of your bicycle.

Attention: As abrasion cannot be ruled out, we recommend that all points where the mounting system contacts the bicycle rack or frame be protected by scratch protection film.

Note: For reaching protection standard IP64 (6=dustproof, 4=protected against splash water coming from all directions) the roll closure must be rolled 3-4 times and fixed downwards.
